Tom,
Sections I and II of the 8570-34 form are not complete. Cite-all or Selective citation. If cite-all you must check the box in section II, otherwise leave it blank. Also you must provide a data matrix for the EUP application.

Thanks.

Reuben

Subject: Roundup Xtend 2 Complete (M1893 Premix Herbicide) EUP Request

Good afternoon Reuben,

The attached EUP request for Roundup Xtend 2 Complete (M1893 Premix Herbicide) was submitted via the electronic portal today for EPA's review. This EUP request includes voluntary crop destruct requirements and proposes additional isolation distances to limit potential exposure from the spray application to areas outside the study field and also to limit exposure from neighboring spray applications to the study field.

Please feel free to contact me directly if you have any questions regarding the attached EUP request.

Best regards,

Tom Orr
